March 30, 2009

Dr. Montrell Greene
Empowerment 360
Post Office Box 476
Cleveland, Mississippi 38732

Dear Dr. Greene:

Thank you so much for the services that you provided for two of our sites in the Leflore County School District. I am certain that the administrators and students at both Leflore County High and the Alternative School will agree that you offered the students "empowering opportunities" to make a positive difference in their lives. Your practical ways of dealing with students' issues and concerns as well as your sincerity and dedication have made many of our students feel that they are indeed "empowered."

We believe that Empowerment 360 provided the students at these two sites with the tools that they would need to address self-esteem, pride, respect for self and others, anger management and academic achievement.

From what we have been able to ascertain, some progress has been made with students that were involved in Empowerment 360, and we would be happy to recommend Empowerment 360 to other districts. We do look forward to working with you again in the future.

Sincere regards,

Willie Jean Hall, Superintendent
