

Empowerment 360

Educational Leadership and Support Program

Maximizing Student Potential

Empowerment 360 understands the ongoing needs of school districts and administrators. We offer a comprehensive educational leadership and support program that centers on the goal of improving student achievement. Our program consists of once a week sessions through-out the year. With 35 weeks of leadership and support, your school district will develop foundational guidelines that guarantee success.

Through strategic planning and effective, research based supervision and support, your school district can expect:

- * Improved Student Achievement
- * Increased Parental Involvement
- * Cooperative Working Relationships
- * Annual Yearly Progress is met
- * Improvement of all schools performing less than satisfactory
- * Special Education Requirements and Inclusion Process are to standards

Collaborative efforts ensure the professional development and educational leadership and support programs implemented are effective and build the necessary capacity for success.

Please allow Empowerment 360 the opportunity to provide on-going Educational Leadership and Support in your school district.
